

WHY RIB ?

UNSINKABLE, SECURITY

The buoyancy tubes of Zodiac boats have several compartments, separated by waterproof partitions. Thanks to its important air reserves, the boat keeps its ability to float and stays conceptually unsinkable when fully loaded, even with a deflated compartment.

REASSURING STABILITY

The buoyancy is distributed on the sides, the center of gravity is very low: all this guarantees stability such that the Zodiac boats are almost impossible to capsize when loaded!

EXCEPTIONAL LOAD

You counted right! There are 12 football players onboard this Zodiac boat. The Zodiac boat has an exceptional weight / area-below-water ratio, giving the boat a load-bearing capacity such that it can carry considerable loads.

REMOVABLE TUBE, A ZODIAC NAUTIC CONCEPT

Built in fenders, less stress when docking. When maneuvering, the boat will bounce without damage if it happens to lightly tap a dock or neighboring boat in the harbor.

Available on most of its models, the buoyancy tube is equipped with a heading engaging in a groove joined with the hull. The water-proofness is guaranteed by the pressure inside the tube.

Entirely removable. The tube can be taken apart and folded, which allows for easier maintenance, repair, transportation and storage.

CHANGE YOUR BUOYANCY TUBES?

Nothing easier. The tubes can be removed from the hull – ideal to renovate or restyle your boat at a lesser cost.

MOTORISATION

Due to its power-to-weight ratio, RIB consumes less fuel. You need a Smaller HP engine to perform the same as traditional hulls.

MORE AFFORDABLE AND MORE PRACTICAL

When buying and when maintaining, the semi-rigid is less expensive than a hull. In most cases, no need for a vehicle made for towing

BENEFITS OF RIB

A TRUE 4X4 OF
THE SEA

MORE SEA-CENTERED

It's unique combination of a very low center of gravity, a deep-V hull and added stabilization of the tubes which gives the rigidhulled inflatable speed and sea-crossing capacities without compromising comfort or safety.

QUALITY

THE TUBES

Zodiac Nautic developed a unique industrial process to assemble its buoyancy tubes: thermobonding. This process consists of welding the pieces of Strongan™ material together to offer a perfect material that is both waterproof and durable, almost indestructible, quality of assembling – greater than the material's resistance itself. Zodiac Nautic is the only manufacturer to master the welding of all structuring materials of an inflatable boat, thus guaranteeing exceptional longevity and security.

THE HULL

Its internal structure in rot-resistant polyester, built with a spar and floors network, guarantees a single-block linking between the hull and the deck. This process brings a rigidity, favorable to performance and a resistance to impact endured while navigating, in all types of loading conditions.

QUALITY TEST

Zodiac Nautic selects with care the materials that constitute its boats, following strict, nonstandard functional specifications. Zodiac Nautic probably is the only manufacturer to subject its new boats to a battery of tests in navigation in extreme conditions. Be sure of it, your Zodiac boat will follow you everywhere and for a long time to come. Opposite: a test of 2-meter fall

120 years of experience and inventor of the inflatable boat, Zodiac Nautic offers products with exceptional resistance and reliability thanks to the materials and processes that are always at the cutting edge of technology.

OPEN

MODULARITY

A true swiss-army knife, useful in all activities, the Open is the cross-over of the seas. The versatility of this rigid-hulled inflatable has been thought out in every detail, so that you can live your passion for the sport. Its conception allows it to be easily transportable, even when the tubes are inflated, and adaptable to your activities: trips, waterskiing, wakeboard, sun-bathing, etc.

3 TUBES COLOR

OPTION:

EVA DECK/ 2 COLORS

OPEN

PERFORMANCE

With excellent stability at sea thanks to its V-hull and its optimized deck plan for better movement onboard, the Open offers exceptional cruising. It is the perfect balance between performance and comfort. You can enjoy any day at sea with family and friends whatever your passion may be.

OPEN

FLUID FLOW

- With plenty of room to move around, it fits
- up to 12 passengers for the Open 5.5 and up to 16 for the Open 7

ERGONOMICS OPTIMIZED USE OF SPACE

- Leaning post protected and practical
- Optimal deck width
- Removable backrest

BACK BENCH LARGE & SAFE

- Modern design with side supports
- Removable upholstery
- Integrated cooler 14 Gallon (54L)

OPEN

STORAGE

The optimization of storage areas on the deck, accessible through the movable console, offers a more-than-generous space for all your gear (skis, fishing, diving, security). Choose according to your taste the activity you want to do.

ACCESSORIES FOR ALL ACTIVITIES

RELAXATION

- Sundeck extension > A must-have for sunbathing – sit down comfortably and relax all day long.
- Backrest with lateral blocks for optimal comfort.
- Bow > Several handrails, perfect for children.
- Swim platforms

FISHING

- Multifix range (fishing rod – lures – cup holders...)
- Bow rail
- T-top for protection from the sun and sporty look.
- Swim platforms > Perfect to add space to the aft of the boat and move around safely.

WATER SPORTS

- Roll bar/Tow bar > High towing point – Ideal for watersports.
- Fusion Stereo.
- Rear platforms > Perfect for diving.
- T-top for protection from the sun.
- EVA deck comfortable and attractive.

DIVING

- Swim platforms provide plenty of space for diving preparation.
- Multifix range > Cup holder, flag holder...
- Storage for dive tanks under the bolster.
- EVA deck comfortable and attractive.

PREMIUM CRUISING

Design | Comfort | Ergonomics

N-ZO

DESIGN

"A unique and avant-garde line: the N-ZO embodies Zodiac Nautic's innovative traditions. A pure jewel of the seas, N-ZO is the perfect synthesis of Zodiac's savoir-faire and the pureness of a premium design – tube in a S-shape and rigid nose."

N-ZO

COMFORT

The generous height of the freeboard, provided by the dimension of its buoyancy tubes and the specific structure of the hull, turns the cockpit into a cocoon for its passengers.

ERGONOMICS

The N-ZO's are leisure boats to share and entertain comfortably. Whether at anchor or cruising, every aspect of this boat has been designed to ensure comfort:

- The space on board has been optimized. The layout of the deck's plans was designed to make moving onboard easier and safer.
- The "Air Console" (N-ZO 600 / N-ZO 680) allows for more mobility on deck and increases the habitability of your boat.
- The N-ZO range is equipped with a new system of front "Reverse & Sun" sun loungers which allows the installation of a large sun-bathing area in just a few seconds, just by unfolding its structure.

MEDLINE

MEDLINE

FARNIENTE

Perfect for long trips on the sea, the Medline is a true private oasis thanks to its surface, which can be transformed into a sunbathing area. Created for long day trips, the Medline range is part of the new generation of Zodiac boats: rigid-hulled inflatable openly oriented towards leisure. The arrangement allows to transform the deck into a vast sun lounge, to create a “private oasis” area.”

LEISURE

Extended to 5 boats, the Medline range has been rethought with absolute priority: ease of use, at anchor or at sea. The dimensions and the weight of each boat has been optimized to obtain a perfect weight / power ratio in order to have moderate engine power and simplify the maneuvers for launching and storage.

SPACE

The deck plans allow exceptional adjustability. The movements onboard are fluid, the sun loungers are spacious and easy set up for, and the rear area is safe and comfortable. Sun-bathing, lunch or swimming. The unique comfort of the seats, the various equipment, the low maintenance upkeep of the buoyancy tubes... Every detail is the result of the experience of Zodiac Nautic and its perfect knowledge of the sea.”

NEW: MEDLINE 7.5

RELEASE SPRING 2019

- Friendly XXL square with a U shape that can welcome up to 8 people, convertible in a large rear sunbathing area
- Wide rear platforms for a safe way to get on and off the boat
- Kitchen under bolster with easy opening and safe, for lunches in the idyllic frames designed for relaxation. As standard: hand shower, rear platforms, sunbathing before XXL
- 12 seats
- Large storage under console and underneath back seat
- Approval - of 7 meters for exemption of tax
- 3 tube colors
- 3 upholstery colors
- 2 gel coat colors

FOLDABLE

CLASSIC

THE ORIGINAL

PRACTICAL

Worthy heir of the first Zodiac boats, it kept all of their qualities: safe, stable and strong. Easy to manipulate ashore, with a pair of wheels for launching on water, it's easily maneuverable on protected sea areas; its small draught allowing it to access and "beach" on spots otherwise inaccessible to other boats.

ECONOMICAL

Equipped with a low-power engine, it reaches honorable performances for a low budget for fuel and upkeep.

FOLDABLE

Entirely foldable, once folded and stored in its two bags, only a few sq. meters are needed for winter storage; always ready to follow you for new explorations. Available with a wooden or aluminum floor.

TENDERS

FOLDABLE

CADET FASTROLLER

The must-have fodable tenders

Equipped with the Acti-V concept (Zodiac Nautic patented technology), the hull of the Cadet fastroller is thinner and more distinct, and the h2p floor is more rigid. The result: an easy launch by inflations, a mastered piloting and a firm course holding never attained before on this type of tender. All its structural elements are welded, including its rubstrake, its transom and the fabric bottom. The experts will appreciate the technical performance and the direct impact on security and durability of the product.

CADET

The market's standard

«Setting the foundation for the market's standard through utilization of the best materials, and an assembly by welding the buoyancy tubes, guarentees optimal resistance and durability. With a complete range of accessories, you can find the best patented Zodiac Nautic products such as the rowlock and its tridimensional adjustment or the internal command drain plug, more practical and safer to use. Available in three floor versions (depending on the size), to select linked to the load capacity available onboard.»

LIFERAFT

Compact, complete and
evolutive

At the cutting edge of safety, the Zodiac liferafts are made and manufactured according to the ISO 9650 norm.

The Open Sea range is adapted to high-sea navigation and temperature conditions from -15°C to 65°C; it includes an inflatable hoop, a semi-rigid boarding ramp and a insulating floor. The Coastal range, lighter and more compact, are adapted to milder conditions of coastal navigation. They include a tent, maintained by a double fiberglass hoop.

Conditioned in waterproof bags, available in soft or solid container, the Zodiac liferafts are guaranteed for 12 years. They benefit, for their revision, from the largest network of service stations in the world, as well as trustworthy experts, trained by us.

OPEN SEA ISO 9650 HIGH-SEA
Nb of passengers: 4-6-8-10

COASTER ISO 9650 COASTAL
Nb of passengers: 4-6-8

SUP

To sail alone or with the family, the paddles are a pleasure for young and old thanks to their great stability. These inflatable paddles can also be used as an annex when anchoring.

ACCESSORIES

A COMPLETE RANGE

Our accessories benefit from all the attention the brand gives to the study of its products. They are made with the same care and live up to the same quality and reliability requirements than our boats. You can equip your boat with a wide range of accessories: such as sun loungers, sunroofs, ski poles, shower kits, etc. **Find out more with your Zodiac agent!**

The Zodiac Nautic boutique offers a large choice of derived products to show your love of the Zodiac brand and community: gear, luggage, etc.

Access the entire range of ZODIAC products and accessories on:

ZODIAC
CONNECTED
BOAT

LOCATION
The exact position of your boat is displayed in real time, 24 hours a day.

NAVIGATIONS
Save all your navigations on a map and place the most interesting places you discover.

STATUS OF THE BOAT
Visualize the tank level, bilge pump and engine hours.

SECURITY
Receive an instant alert when your boat leaves an area that you define.

CONTROLS
Connect the Connected Boat device to an accessory (lamp, pump), and turn it on directly from your smart-phone.

MAINTENANCE
Get detailed reports on your use of the boat and motor, and plan your maintenance activities accordingly.

ZODIAC NAUTIC SERVICES

AN INTERNATIONAL NETWORK OF TRUST

«Present in more than 50 countries around the world, Zodiac Nautic and its 1.600 agents will put their expertise at your service. Our network guarantees an efficient and reliable after-sale service: whether you need a new accessory or replacing a lost part, you are sure to find a Zodiac Nautic dealer putting their skills to work for you. Our agents sometimes do the maintenance of the same boat for more than 20 years!»

«Do not hesitate to consult them: they will know how to advise you when buying your boat or upkeeping it. We count on them, they deserve your trust.»
